

# Your Prescription Benefits Made Easy with Pinpoint

## Resources Built for You

Understanding your prescription benefits is key to staying on track with treatment and saving money and with support from US-Rx Care and ScriptSourcing, we're here to guide you toward cost-effective, convenient options. While the vast majority of prescriptions will be filled by US-Rx, ScriptSourcing's cost containment program will be utilized for select specialty drugs.

### US-Rx Care Member Portal

Register for access to your personalized member portal for more information about your prescription benefits, including a "Lowest Cost Search" that allows you to search by zip code for the lowest cost for your medication.

*You'll need your card holder ID and Rx Group Number to register. You can refer to your ID card for that information or contact Member Services at 877-200-5533 for assistance.*

Register for the portal here

### Mail-Order Pharmacy with Prescription Mart

Receive your prescriptions by mail for maximum convenience.

Register to receive your medications by mail

### Questions about your prescriptions?

You or your pharmacist can contact US-Rx at 877-200-5533.

### Specialty Medications with ScriptSourcing

#### International Sourcing

Prescriptions are sourced outside of the U.S. for less, and with high standards for safety and compliance.

#### Manufacturer's Assistance

Your ScriptSourcing advocate will ask a few questions about your household income and size to search available programs for you.

#### \$0 Copays, \$0 Shipping, \$0 Hidden Fees

Programs provide continuous support, identify potential savings, and prescription advocacy to ensure the best care at the lowest price.

### Questions about your specialty medication?
